Inherent Requirements: Yes or No?

Catherine Stuckings, RMIT University

Toward a Common Understanding of Best Practice: Inherent Requirements in the Post Secondary Education Sector.
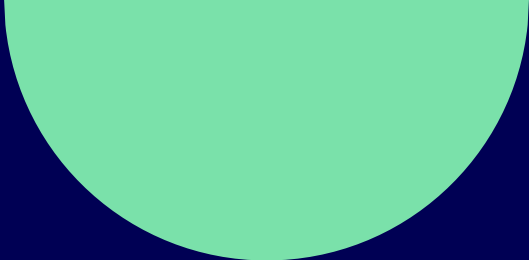

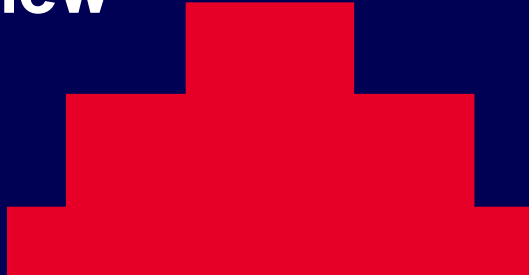

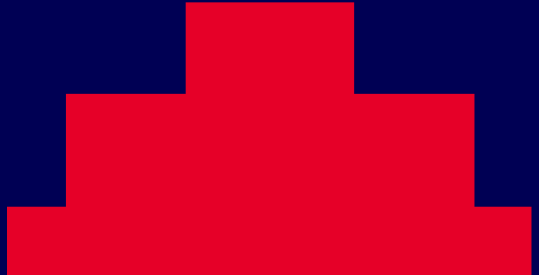

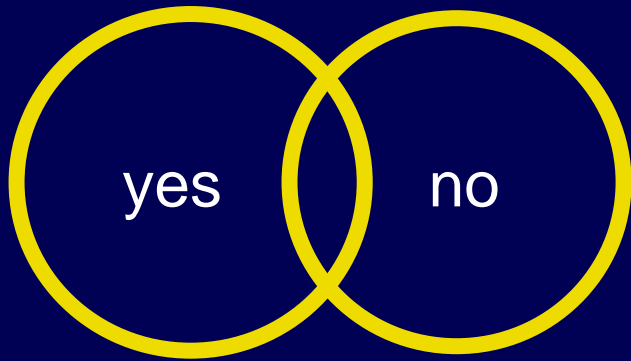

RMIT
UNIVERSITY

Yes? **No?**

If, yes

- Training and education for academic and teaching staff.

- Robust, non discriminatory processes.

- Support for students, alternative pathways/ exit points, facilitated program transfer.

- Process for review

RMIT
UNIVERSITY

If, no

- Clear information for prospective students.

- Sector-wide engagement with Registration Bodies.

- A broad program of education about possibilities of a more inclusive approach.

yes no

Inclusion is the aspiration.

Education is the key.
