How this works

1. Start

Click on "Start conversation", log in and enter your name and language.

2. Share

Share the conversation code with other participants, who can join using the Translator app or website

3. Speak

Speak or type in your language to communicate with other participants in the conversation. Other participants will see your messages in their own language.

Empowering every student with Microsoft Education

All students can achieve more when they have access to the right tools.

Learning Tools

Assist with comprehension, fluency, and decoding

Word, OneNote, Outlook Web Access, and Edge

Word Prediction

Save typing time and word input with predictive text in multiple languages

Windows 10

Dictate

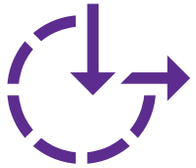
Use voice to dictate directly into documents

Word, Excel, PowerPoint, OneNote, Outlook

Editor

Write easy-to-read documents

Word, Excel, PowerPoint, OneNote, Outlook



Ease of Access

Make accessibility easier to discover, learn, and use

Vision, hearing, mobility, cognition

Accessibility tools improve outcomes

Teachers are better able to support academic improvement for all students with tools that enable inclusive teaching.

Microsoft Translator

Get real-time subtitles and translations of text, websites, pictures, and voice

Office Lens

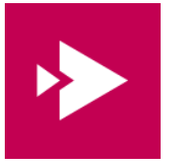
Digitise whiteboard or blackboard notes and convert them to Microsoft Word, PowerPoint, or PDF

Accessibility Checker

Make sure your Word, PowerPoint, and Excel documents are accessible

Automatic alt text

Using AI, Microsoft Translator will automatically provide image descriptions



Microsoft Stream

Get automatic transcriptions of audio or video recordings

Redefine what's possible in *your* institution

We would love you to spread the word about the Microsoft 365 Inclusive Classroom and tell:

- Students
- Lecturers and Tutors
- Student Support Staff
- Support Professionals
- Institution Decision-makers
- Families and Carers

We invite you to continue discovering how to use technology to personalise learning and empower those around you.

Achieving more with accessibility – Inclusion in Action series

Andrew, a young boy who read for the first time with Learning Tools.

Justin, a young man who uses Office 365 to communicate with the world.

Veronica, a student with low vision who created a perfect Sway.

Cameron, a university lecturer who believes it is an exciting time to be a blind person with Seeing AI.

Jack, a teacher who shows students what is possible with Office 365 and Narrator.

Steve, who navigated a medical crisis with OneNote to access printed documents.
