All about the Immersive Reader

What is the Immersive Reader?

The Microsoft Immersive Reader is a free tool, built into Word, OneNote, Outlook, Office Lens, Microsoft Teams, Forms, Flipgrid, Minecraft Education Edition and the Edge browser, that implement proven techniques to improve reading and writing for people regardless of their age or ability. On the right is a 15 minute comprehensive demo of the tool, and below is a short 90 second YouCan video.

Special education and accessibility resources for remote learning

For special educators, diversity demands they provide inclusive, accessible learning environments that inspire confidence and encourage independence differently for each student. Learn about how to create a personalized and engaging remote learning experience for all of your students through the resources provided in these pages.

These resources are intended for all educators, but will be especially helpful for educators and support staff who work in the following areas: special education, assistive technology, blind and visually impaired, deaf and hard of hearing, occupational therapy, physical therapy, speech language pathology, early childhood special education, behavior, counseling, school psychology, language interpretation, literacy, autism, and many other areas that assist students who need specially designed instruction.

Check back frequently for new updates

Supporting a new model to deliver specially designed instruction

Remote learning and the use of technology has opened up opportunities for teachers to try new ways of providing services, collection data and connecting with students and families. Utilizing these familiar tools for a remote environment can be a powerful step toward reaching learning goals.

Redefine what's possible in *your* institution

We would love you to spread the word about the Microsoft 365 Inclusive Classroom and tell:

- Students
- Lecturers and Tutors
- Student Support Staff
- Support Professionals & Carers
- Institution Decision-makers
- Families and others

We invite you to continue discovering how to use technology to personalise learning and empower those around you.
